

## Birds, Bunnies, and Rats Weekend 2022, Supporting Clumber Spaniel Club of America Inc.

On Saturday and Sunday March 26-27, the Clumber Spaniel Club of America's National Specialty kicks off with a weekend dedicated to testing the natural instincts of clumbers! We hope you join us for this jam-packed weekend with a trifecta of all breed dog events: Hunt Test, Fast CAT, and Barn Hunt.

This year marks the 50th Anniversary of the CSCA's National Specialty, and to make these events the best yet, we are offering t-shirts for sale to celebrate "Birds (hunt test), Bunnies (fast cat), and Rats (barn hunt) Weekend." All money raised will be split equally between the three committees to help with miscellaneous expenses associated with each event.
